Message from the Youth Services Unit

Building Youth-Friendly Spaces.

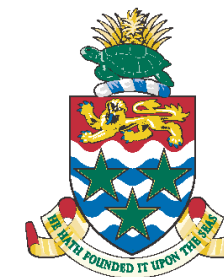

At the Youth Services Unit we value and respect young people as true assets in the development process and contract with them to exemplify and instil the spirit of collaboration, teamwork, innovation, and civic pride, in all our interactions with them. It is our Unit's mission to "empower one youth at a time" by creating youth-friendly spaces through the delivery of our youth programmes, events and initiatives. Other youth organisations throughout the community also promote this ethos and have strived to deliver vibrant and sustainable youth programming to help support our youth as they navigate a changing world that shapes their experiences and perceptions. Empowering youth requires us to collaborate and to reach across silos, to share the availability of programming that can support our youth. The Youth Services Directory is collated annually by the Youth Services Unit in order to provide a resource to youth, parents, guardians and members of the public, who are interested in the variety of youth programming offered across the Cayman Islands. I trust that this resource can offer a useful starting point as you, our readers, begin to learn more about the opportunity to get involved.

YOUTH SERVICES DIRECTORY

Welcome to the Youth Services Directory

The Youth Services Directory indicates the availability of youth programmes, organisations and initiatives across the Cayman Islands . The Directory has been collated by the Youth Services Unit as a resource to youth, parents, guardians and members of the public. The Youth Services Unit is not responsible for the operation of any of these programmes, organisations, initiatives or the resources and learning materials utilised throughout the course of operations (excluding the Cayman Islands Youth Assembly).

While this Directory is annually updated to promote the timely and comprehensive sharing of information; in most cases, it does not include private for-profit organisations (i.e. childcare centres, daycare facilities), sporting organisations or tutoring programmes. Please note that dates and times of programming may be subject to change.

Parents and guardians are invited to contact the (listed) organisers for more details about the programme content, activities, fees, staffing and safeguarding policies. To ensure that parents/guardians can make informed decisions about permitting their youth to attend programmes; we encourage establishing direct contact with organisers and to make (pre-)arrangements to visit any youth programme, to consider whether this, or another option, may be the best fit for your youth.

For more information on this Directory, and to recommend additions or updates; contact the Youth Services Unit at info.ysu@gov.ky or 943-1127.
